## Extractable Dowel Pins - DIN 7979D

The advantage of an Extractable Dowel Pin over that of a Solid Dowel Pin, is that it contains and internal thread so that a removal device, such as an Eye Bolt can be inserted to help remover the pin from the assembly.

We can supply these Extractable Dowel Pins in the following materials:

- Through Hardened Steel
- Stainless Steel 316 (A4)
- Stainless Steel 303

We can also supply the following Dowel Pins:

- DIN 7 Dowel Pins
- ISO 2338 Dowel Pins
- ISO 8735 Extractable Dowel Pins
- DIN 6325 Solid Dowel Pins

Please contact us if you require a quotation for the above mentioned parts.

Please view the page below for the standard sizes of Extractable Dowel Pins to DIN 7979D standard that we can offer.
