## Solid Dowel Pins - DIN 6325

Solid Dowel Pins (DIN 6325) are generally used to offer a secure and accurate location between two components. These Pins are through hardened and ground to m6 tolerance.

We can supply these Dowel Pins in the following materials:

- Through Hardened Steel (100Cr6)
- Stainless Steel 316 (A4)
- Stainless Steel 303

We can also supply the following Dowel Pins:

- DIN 7 Dowel Pins
- ISO 2338 Dowel Pins
- ISO 8735 Extractable Dowel Pins
- DIN 7979-D Extractable Dowel Pins

Please contact us if you require a quotation for the above mentioned parts.

Please view the page below for the standard sizes of Solid Dowel Pins to DIN 6325 standard that we can offer.
